The 15th Scientific Respiratory Medicine Meeting

PIPKRA 2018

(Pertemuan Ilmiah Pulmonologi & Kedokteran Respirasi)

Skill and Art in Clinical and Basic Science of Respiratory Medicine

Postgraduate Course, February 8, 2018

Workshop, February 8, 2018

Symposium, February 9-10, 2018

at Borebudur Hotel, Jakarta

Call for Abstract

Submission Before January 8, 2018

REGISTRATION FEE

Postgraduate Course, February 8, 2018

No	Event	Place	Course Fee
1	Current Systemic Treatment in Thoracic Oncology	Borobudur Hotel	IDR 1.500.000,-
2	Diagnosis and Management in Interstitial Lung Disease (Tentative)	Borobudur Hotel	IDR 1.500.000,-
3	Multi Drug Resistance of TB	Borobudur Hotel	IDR 1.500.000,-

Workshop, February 8, 2018

No	Event	Place	Course Fee
1	Pulmonary Emergency and Respiratory Life Support (PEARLS)	Borobudur Hotel	IDR 2.500.000,-
2	Interventional Thoracic Workshop (Bronchoscopy and Pleuroscopy) (For Pulmonologist)	Borobudur Hotel	IDR 3.000.000,-
3	ILO Radiograph Reading for Pneumoconiosis (3 days workshop)	Persahabatan Hospital	IDR 2.500.000,-
4	Pulmonary Function Test in Clinical Practice (Include Spirometry, DLCO, Body Plethysmograph and Astograph)	Persahabatan Hospital	IDR 1.500.000,-

Symposium, February 9 - 10, 2018

No	Event	Before Feb 3	On Site
1	Specialist	IDR 1.500.000,-	IDR 1.750.000,-
2	General Practitioner/Resident/ Medical Student/Nurse	IDR 900.000,-	IDR 1.100.000,-

METHOD OF PAYMENT

SMF Paru RS Persahabatan
BRI Unit RS Persahabatan Cab. Rawamangun
ACC No. 0965-01-005766-53-4

PROGRAMME

Postgraduate Course

- Current Systemic Treatment in Thoracic Oncology
- Diagnosis and Management in Interstitial Lung Disease (Tentative)
- Multi Drug Resistance of TB

Workshop

- Pulmonary Emergency and Respiratory Life Support (PEARLS)
- Interventional Thoracic Workshop (Bronchoscopy and Pleuroscopy) (For Pulmonologist)
- ILO Radiograph Reading for Pneumoconiosis
- Pulmonary Function Test in Clinical Practice (Include Spirometry, DLCO, Body Plethysmograph and Astograph)

Symposium

- Asthma, COPD and ACOS
- Interstitial Lung Disease
- Interventional Pulmonology
- Lung Cancer
- Lung Function
- Lung Mycosis
- Occupational Lung Diseases
- OSA
- Pneumonia
- Respiratory Care
- Respiratory Critical Care
- Sepsis
- Smoking Cessation
- Tuberculosis

Foreign Speakers (To be Confirmed) :

Gustavo Matute Bello (USA), Jeffrey Hafkin (USA), Masae Nakamura (USA), Phillip Hopewell (USA), Surendra K. Sharma (India), Yukinori Kusaka (Japan)

Call For Abstract

PIPKRA 2018 encourages the participation of researchers and clinicians to interact and bring original research for discussion and share the ideas in Research Symposia and Poster Discussion session. Please send your abstract of unpublished work in maximum 150 words to pipkrapar@gmail.com no later than January 8, 2018. The chosen abstract will be noticed by email or postal letter on January 24, 2018.

Officer

Dear Colleagues,

The 15th Annual Scientific Respiratory meeting - PIPKRA will be held again in Jakarta on February 8 – 10, 2018. We are delighted to welcome friends and colleagues to our PIPKRA 2018. PIPKRA is one of the largest respiratory annual meeting in Indonesia which provides the most up-to-date topics in pulmonary and respiratory medicine.

Together with all our staffs, we are working hard to bring you a programme that addresses the needs of all respiratory professionals from scientists to clinicians and allied health professionals.

With this year theme "Skill and Art in Clinical and Basic Science of Respiratory Medicine" will cover key topics in respiratory medicine from across the spectrum of disease area including asthma, COPD, tuberculosis, lung cancer, pneumonia, ILD, interventional pulmonology, occupational lung disease among others. The meeting programme is set to deliver the best advances in both science and education.

Therefore, we will have workshops to improve your clinical skills and learn about the latest techniques which covering pleuroscopy, advanced bronchoscopy, ILO reading radiograph, pulmonary emergency and lung function.

Postgraduate courses provide medical practitioners with the opportunity to align their current procedures with the latest clinical best practice. These lecture-based sessions include topics of current systemic treatment in thoracic oncology, interstitial lung disease and multi drug resistance of TB.

We are also providing Research Symposia including oral and poster presentation to offer participants both an opportunity to learn more about topic/diseases and the latest development within specific fields of expertise.

At the end of these sessions participants will have the most up-to-date, clear and practical take-home knowledge relating diagnosis, treatment, and prevention in each disease.

We look forward to welcoming you to the 15th Annual Scientific Respiratory Meeting - PIPKRA.

Erlina Burhan
